

Dear Senator Bye, Representative Walker, Senator Slossberg, Representative Fleischmann, and members of the Secondary Education Sub-committee:

My name is Stephen Donahue and I am a resident of Andover, CT.

I am writing to you as members of the Appropriations Secondary Education Sub-Committee to voice my opposition as a Connecticut taxpayer to the proposed cuts included in the Governor's budget regarding Connecticut's 102 Youth Service Bureaus.

I ask that you please do all that you can to remove the \$1.3 million dollar cut to YSBs from the Governor's proposal, (which includes the entire Enhancement Grant Line Item currently in the budget at \$620,000 and an approximately \$700,000 cut in the Cost Sharing grant that YSBs receive for being a Youth Service Bureau.

The State of Connecticut invests just over 3 million dollars in 102 Youth Services Bureaus statewide. In return those Youth Service Bureaus collectively raise nearly 30 million dollars through the municipalities they serve, through private and public grants, fundraisers and private contributions.

In the last two years YSBs reported having served over 448,000 youth and parents through many of the same programs that our own local youth services (AHM Youth and Family Services) provides to local citizens in our four communities. These programs all fall into the categories of mental health services, juvenile justice services, prevention programs, youth and family development programs.

In light of the tragic events in Sandy Hook, at the heart of which was a young man that had severe mental health issues, I can't understand these cuts. The organizations affected by these cuts are at the forefront of helping families deal with these difficult issues for their loved ones. It's time for the State to put their money where their mouth is and help families that are dealing with mental health issues.

Please help make sure that these cuts to do not go through!

Thank you,

Stephen Donahue
